

**EU Member States Agreed on Israel's
so-called**

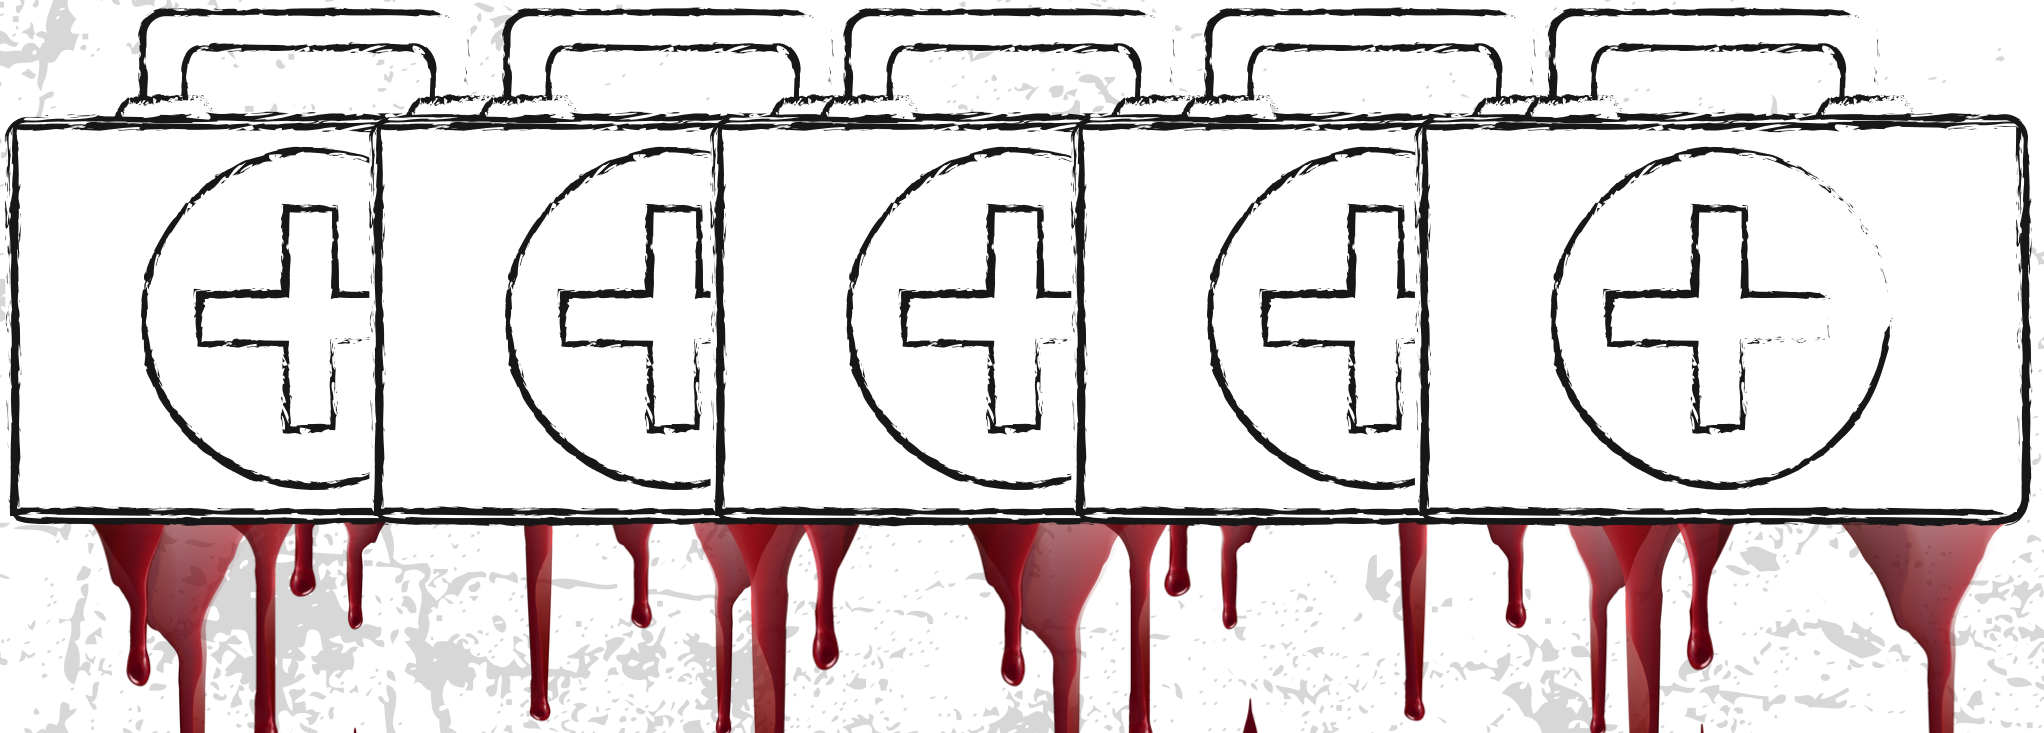

"Right to self-defense"

**But couldn't agree on a call for
humanitarian pause.**

Some EU states questioned the validity of humanitarian pause, others cannot end humanitarian suffering because of alleged "terrorism"

"Humanitarian aid,
pause or corridors"

**or whatever they call it...
These are deceiving terms**

**EU member states have agreed to continue
the Israeli genocidal war on Gaza!**

**END GENOCIDE
END DISPLACEMENT**
