

**Last week,
after greenlighting
Israeli Genocide
in the Gaza Strip**

**The USA asked Israel to
“minimize casualties”**

**The EU asked Israel to
“respect IHL”**

Since breaking the pause Israel:

- **Killed over 300 Palestinians and wounded hundreds of others**
- **Carpet bombed 200 targets in the north and the south**
- **Issued flyers ordering further displacement from the south to the further south**

The only way to end the Israeli Genocide and USA & EU involvement is to take measures to ensure:

- 1. Permanent and comprehensive ceasefire**
- 2. Withdrawal of Israeli forces from the Gaza Strip**
- 3. Lift the 16-year blockade**
