Claims Vs. Actions

A black and white photograph showing a woman in a dark headscarf and patterned dress carrying a young child on her back. They are walking through a landscape of rubble and debris, with a damaged multi-story building in the background. The image is overlaid with a semi-transparent dark grey rectangle that serves as a background for the text on the right.

# “ No forcible displacement of Palestinians from Gaza

Claims the USA

---

But, the USA supports “**humanitarian corridors**” and seeks funds to “**address potential needs of Gazans fleeing to neighboring countries.**”

# No forced displacement of Palestinians

Claims the EU

---

But, the EU supports  
“humanitarian pauses  
and corridors”

## **Actions speak louder than words**

---

The first step in preventing further Palestinian displacement is to **impose an unconditional ceasefire** to end the Israeli Genocidal War on Gaza.

## **Undermining unconditional ceasefire**

---

amounts to states' **complicity  
and involvement** in the  
forcible displacement  
of Palestinians.
