

What is true  
**solidarity**  
with the Palestinian people?

On 29 November  
1947, the UN  
illegally adopted the  
**Partition Plan  
of Palestine**

In 1977,  
the UN declared  
29 November as the day of  
**International Solidarity  
with the Palestinian People**

**Legitimization** of colonization of more than 78% of Palestine and displacement of more than 9.2 million Palestinians **is not solidarity.**

**Imposing** the two-state solution and political conditions on Palestinians **is not solidarity.**

**Adoption** of the so-called balanced approach and failure to hold Israeli accountable **is not solidarity.**

# **Solidarity** means:

- Ensuring a **Ceasefire** now, lifting the siege on Gaza
- Putting the Palestinian people's **right self-determination** into practice
- Facilitating the **return** of more than 67% of the Palestinian People to their homes
- Supporting all forms of **Palestinian resistance** to dismantle the Israeli colonial-apartheid regime

**To the UN:**

Take your symbolic  
international solidarity  
day and give us back  
our **land & rights.**
