

**ISRAEL'S SYSTEMATIC TARGETING OF
THE HEALTHCARE SYSTEM IN GAZA IS
A VEHICLE OF SLOW DEATH**

0

hospitals are fully functional, only **14 out of 36** partially functional

500+

doctors and health workers killed

800,000

cases of acute respiratory infections

1.1 M

cases of infectious diseases recorded

300%

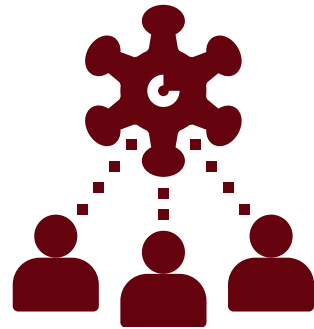

increase in miscarriages

18,500

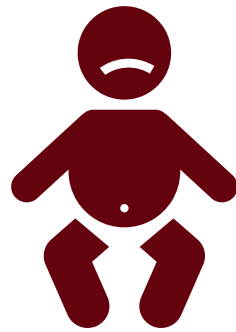

pregnant women displaced from Rafah to areas with minimal access to healthcare

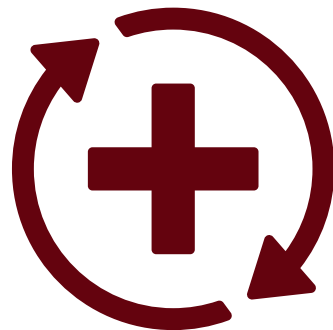

EVEN IN THE EVENT OF A CEASEFIRE, TENS OF THOUSANDS OF EXCESS DEATHS ARE PROJECTED TO OCCUR DUE TO:

The spread of epidemics

The prolonged process of reversing malnutrition and treating diseases

The time required to restore hospitals, medical facilities, and Gaza's overall infrastructure

DESTRUCTION OF THE HEALTHCARE SYSTEM

SLOW DEATH

GENOCIDE
