Another Form of US Involvement in Israeli Genocide

BADIL_Center

Replacing the UN-led aid system with an American privately led and militarized system is the latest form of US involvement in the Israeli Genocide...

BADIL_Center

Controlling

international aid and distribution in line with Israeli terms (what, how much and who receives aid)

Facilitating

the transfer of starving Palestinians by forcing them toward the closest point to Egypt

Concealing

the Israeli Genocide by direct killings and destruction under the guise of humanitarian intervention
